Our Ref: 01-MSR-Circular & MLC2006
2nd January 2016

SHIPPING CIRCULARS TO SHIPOWNERS – MSR SHIPPING CIRCULARS & MLC2006 issues.

MLC2006 issue

MLC2006 will be strictly enforced by all Port States in August 2014, as the implementation grace period expired.

Mongolia Ship Registry (MSR) requires all convention ships to comply with the carriage and implementation of the MLC2006. The Certificate of Compliance to MLC2006 must be carried onboard and the system implemented to avoid PSC detention.

Owner who fails to comply will be fined when the date line comes into effect.

MSR Shipping Circulars

For all safety issues relating to implementation of rules and guidance, shipowners are advised to download the IMO issued Circulars for use. MSR follows the IMO requirements on safety for ships, protection of the environment and clean oceans principle and IMO circulars relating to these are applicable to MSR ships.

MSR does not issue shipping Circulars unless issues that only relate directly to MSR operations.

Owners are hence advised to download the IMO Circulars from www.imo.org and also the regional PSC websites for the latest safety circulars to use onboard their ships.

For clarification, please contact the undersigned.
